MAACBA 2021 Virtual Conference

Thank you to our 2021 Conference Sponsors

Driven by our mission to advance quality and equity in education, ETS provides learning solutions, pioneering research and trusted assessments that help guide learners around the world on their path to new possibilities. For more than 70 years, we have developed products and services based on rigorous research and our belief in the power of learning. Our portfolio consists of some of the world's most trusted assessments - including the TOEFL® and TOEIC® exams, the GRE® and the Praxis® family of assessments - along with research, development and innovation that explores new frontiers in learning and measurement. Our educational measurement solutions and research contribute to the development of new methods and tools, inform important dialogue with education policymakers, and shed light on critical issues and potential solutions - all with the aim of creating a world where all learners are able to improve their lives through education.

Liaison’s Centralized Application Service (CAS) is an intuitive, flexible application with up-to-date, visual insights into application and enrollment trends that actively targets your best-fit students. With application processing and support services CAS streamlines admissions, encourages application completion and provides institution–student connection throughout the entire process. CAS leverages the “power of partnership” with regular forums for the sharing of novel solutions and best practices in a mutually supportive environment. Over the last three decades, Liaison has helped over 31,000 programs on more than 1,000 campuses more effectively manage admissions through its (CAS™) technology and complementary application processing and support services. The higher education technology leader supports its partner institutions’ total enrollment goals by pairing CAS with its Enrollment Marketing (EM) platform as well as the recently acquired TargetX (CRM) and advanced analytics software Othot.

The PhD Project encourages Black/African-Americans, Latinx/Hispanic-Americans and Native Americans to pursue their business Ph.D.’s to serve as role models and mentors for future business leaders. Since our inception in 1994, the number of minority business Ph.D.’s in the U.S. has increased historically from 294 to close to 1,600 today, with another 300 minority business students in the pipeline today. During the 2019-20 academic year, 300+ doctoral and non-doctoral granting institutions participated in The PhD Project, gaining direct access to our members for networking and recruiting.
